Jean-Philippe Guihard 

The status of the environment? Paradigm or paradigm?

- ✓ Because it is “acts”:
 - The person changes the environment;
 - The environment changes the person.

- ✓ But what is this person?
- ✓ What is this environment?

O.T. human

The status of the environment? Paradigm or paradigm?

Logos, glossology.

Logic -> Representation

Sensations → Perception → Conceptualization

Abstraction → Structuring → Inference

Sensorial information

Qualities of the object

Comprehension

Deafness, blind,...

Agnosia

Aphasia

The status of the environment? Paradigm or paradigm?

Ergology

Technique -> Activity

Mobility

Praxis

Technical

To move

Dexterity

Expertise

Moving tools

Relation to tools

Relation between tools and aim

Paralysis

Apraxia, instrumental disorder

Atechnia

Jean-Philippe Guihard

The status of the environment? Paradigm or paradigma?

Sociology, ethnic.

Human relationships -> To be to the world

Cooperation, Collaboration	→	Communication Contribution	→	Membership, Cohabitation
---------------------------------------	---	---------------------------------------	---	-------------------------------------

Dependence	→	Autonomy	→	Responsibility
-------------------	---	-----------------	---	-----------------------

Fusion

Distance

Otherness

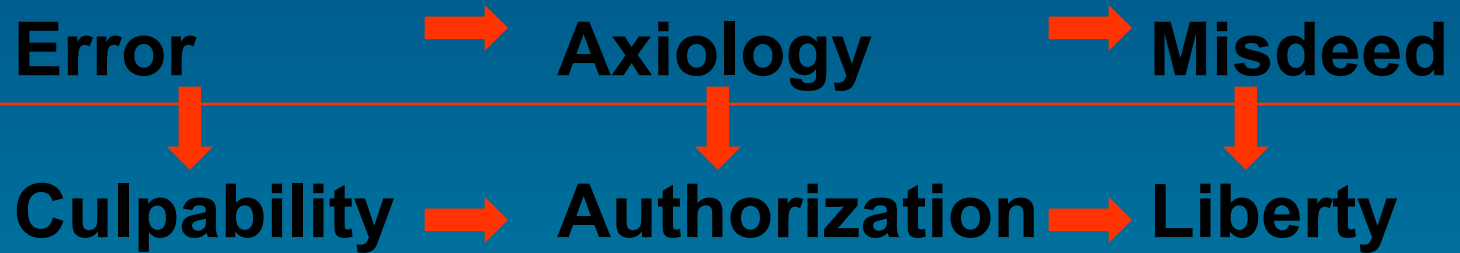

Psychosis

The status of the environment? Paradigm or paradigm?

Psychology, ethic.

Will -> Desire

Auto-Control

Ethics

Self-criticism

To give himself rules, limits...

Obedience

Providing himself the freedom to choose

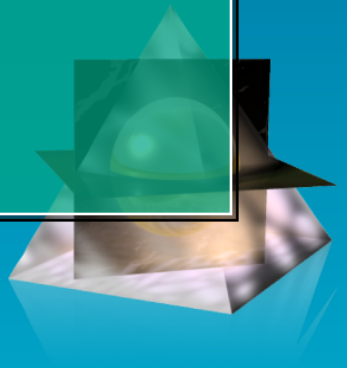

Summary

Ergology

- ✓ Human thinks the world (logos);
- ✓ Human builds the world (ergology);
- ✓ And, always with someone, in a specific society (ethnic); *Ethic*
- ✓ And he is a personality (ethic).

Logos

Ethnic

Jean-Philippe Guihard 

- 
- ✓ It is a logical mind,
 - ✓ An ergological perspective,
 - ✓ A sociological one because this tool is sociologically build,
 - ✓ And it is an ethical one because it is my desire, the relationship with my personality.

The status of the environment? Paradigm or paradigm?

Environment

If thought ... Knowledge, Representation. Logos, language.

If built... Artifacts, Industry. Ergology, art.

If social... **What about the TDM environment?** Sociology, anthropology. Political, ethnic.

If personal... Axiology, law. Person, ethic.

Occupation

Is thought ...	Knowledge, Representation.	Logos, language.
Is done...	Artifacts, Industry.	Ergology, art.
Is social...	Sociology, anthropology.	Political, ethnic.
Is personal...	Axiology, law.	Person, ethic.
